

**Secretary (term 2024-2026)**

**Katie Siedel (USFWS)**

My name is Katie Siedel, and I am a wildlife biologist with USFWS based on Olympia, WA. I am one of the northern spotted owl co-leads in my position, and have worked on this species for 7 years. I just moved here last year, and was the Secretary for 2 years in the North Coast California Chapter. I have experience as Secretary and would like to be an active participant and get to know more of the wildlife network. I am a paid member of TWS and WATWS. I have attended last years Wildlife Society Conference at Great Wolf Lodge.
